## ONE Welcomed Japanese University Students in Thailand

Ocean Network Express (ONE) Thailand recently welcomed 12 Japanese university students -- 11 of them from the Tokyo University of Marine Science and Technology (TUMSAT) with 1 of them from Kobe University. All of them are Juniors (3rd year) at their university and are either studying marina logistics or to be a seaman. This visit was part of the students' internship program and was organized by Mr. Hiroshi Morita, CEO of Ogihara (Thailand) Company and a former TUMSAT graduate.

They visited the ONE Thailand office located at Chamchuri Square in Bangkok. Mr. Kiyoshi Tokonami (Managing Director ONE Thailand) and Kazuhiro Kuroda (Assistant General Manager, Marketing and Planning Division) provided the students with presentations on ONE's business operations and an overview of Ocean Shipping Industry.

These students did not only gain knowledge on Thailand's Marine and Logistics industry, but also on how Japanese businesses operate within the country. As part of the students' internship activities, these students also had a chance to tour Laem Chabang Port as well as factories and warehouses throughout the area.

Mr. Tokonami said, *"I thoroughly enjoyed my time with the Japanese students today. They are embarking on a journey to work in the maritime industry and the chance to go abroad to learn about the industry internationally is a great eye-opening opportunity for them. I encourage them to work for the Japanese shipping companies, but I hope they find success no matter where they end up in the industry."*

ONE Thailand believes and plans to be continuously involved in further CSR activities in the future.
